BUSINESS ARISING

COMMUNITY MAILBOXES

Discussion on the request from Canada Post for easements for the placement of Community Mailboxes. Public Works discussed the issue but felt that this should be dealt with at a meeting of Council. Public Works were concerned about getting involved in a dispute between Canada Post and their employees/union. It was suggested that Canada Post should consult with their customers on whether or not Community Mailboxes are something the residents in these areas want. One Councillor felt that a meeting with Canada Post may be beneficial as several years ago when this was proposed a meeting was set with Canada Post and at that time Canada Post decided to increase the number of mailboxes at the Post Office. It was decided that the CAO would contact a representative of Canada Post to discuss their intentions for future mail delivery in the Town of Clarendville.
